RESOLUTION NO.

ADOPTING ANNUAL INVESTMENT POLICY

Legislator offered the following resolution and moved its adoption:

WHEREAS, a new Investment Policy for Greene County was adopted by Resolution No. 133-11 at the April 20th, 2011 Legislature Meeting; and

WHEREAS, said Resolution No. 133-11 states: "The governing body of the County of Greene shall review this investment policy annually..."; and

WHEREAS, the Greene County Legislature has reviewed the below investment policy and finds the same acceptable with no changes for 2014;

NOW, THEREFORE, BE IT RESOLVED, that the "Investment Policy, County of Greene", attached below and made a part hereof, be adopted as the official policy of Greene County for the year 2014:

INVESTMENT POLICY

COUNTY OF GREENE

I. SCOPE

This investment policy applies to all moneys and other financial resources available for deposit and investment by the County of Greene.

II. OBJECTIVES

The primary objectives of the local government's investment activities are, in priority order:

- To conform with applicable federal, State and other legal requirements (legality)
- To adequately safeguard principal (safety)
- To provide sufficient liquidity to meet all operating requirements (liquidity)
- To obtain a reasonable rate of return (yield)

III. DELEGATION OF AUTHORITY

The governing board's responsibility for administration of the investment program is delegated to the Treasurer who shall establish written procedures for the operation of the investment program consistent with these investment policies. Such procedures shall include internal controls to

provide a satisfactory level of accountability based upon records incorporating the description and amount of investments, the fund(s) for which they are held, the places(s) where kept, and other relevant information, including dates of sale or other dispositions and amounts realized. In addition, the internal control procedures shall describe the responsibilities and levels of authority for key individuals involved in the investment program.

IV. PRUDENCE

All participants in the investment process shall seek to act responsibly as custodians of the public trust and shall avoid any transaction that might impair public confidence in the County of Greene to govern effectively.

Investments will be made with prudence, diligence, skill, judgment, and care, under circumstances then prevailing, which knowledgeable and prudent persons acting in like capacity would use, not for speculation, but for investment, considering the safety of principal as well as the probable income to be derived.

All participants involved in the investment process shall refrain from personal business activity that could conflict with proper execution of the investment program, or which could impair their ability to make impartial investment decisions.

V. DIVERSIFICATION

It is the policy of the County of Greene to diversify its deposits and investments by financial institution, by investment instrument, and by maturity scheduling.

The governing board shall establish appropriate limits for the amount of investments which can be made with each financial institution and shall evaluate this listing at least annually.

VI. INTERNAL CONTROLS

It is the policy of the County of Greene for all moneys collected by an officer or employee of the government to transfer those funds to the Treasurer within 30 days of deposit, or within the time period specified in law, whichever is shorter. Notwithstanding this provision, it is the current practice of a number of departments to maintain bank accounts and transfer received amounts to the Treasurer on a monthly basis. Those departments include Solid Waste, Family Planning, Public Health Nursing, Early Intervention, County Clerk, Mental Health, Electrical Examiners, Real Property, Aging and Judge Pistol permits.

The Treasurer is responsible for establishing internal control procedures to provide reasonable, but not absolute, assurance that deposits and investments are safeguarded against loss from unauthorized use or disposition, that transactions are executed in accordance with management's authorization, properly recorded, and managed in compliance with applicable laws and regulations.

VII. DESIGNATION OF DEPOSITARIES

The banks and trust companies that are authorized for the deposit of moneys, and the maximum amount which may be kept on deposit at any time are designated by resolution at the organizational meeting of the County Legislature. Said resolution may be amended by the Legislature on an as-needed-basis.

VIII. SECURING DEPOSITS AND INVESTMENTS

In accordance with the provisions of General Municipal Law, Section 10, all deposits of the County of Greene, including certificates of deposit and special time deposits, in excess of the amount insured under the provisions of the Federal Deposit Insurance Act shall be secured by:

A pledge of "eligible securities" with an aggregate "market value" as provided in GML Section 10.

IX. COLLATERALIZATION AND SAFEKEEPING

Eligible securities used for collateralizing deposits made by officers of Greene County shall be held by the depository bank or trust company subject to security and custodial agreements.

The security agreement shall provide that eligible securities are being pledged to secure such deposits together with agreed upon interest, if any, and any costs or expenses arising out of the collection of such deposits upon a default. It shall also provide the conditions under which the securities may be sold, presented for payment, substituted or released and the events which will enable the local government to exercise its rights against the pledged securities.

In the event that the pledged securities are not registered or inscribed in the name of the County of Greene such securities shall be delivered in a form suitable for transfer or with an assignment in blank to the County of Greene or the custodial bank or trust company. Whenever eligible securities delivered to the custodial bank or trust company are transferred by entries on the books of a federal reserve bank or other book entry system operated by a federally regulated entity without physical delivery of the evidence of the obligations, then the records of the custodial bank or trust company shall be required to show, at all times, the interest of the government in the securities as set forth in the security agreement.

The custodial agreement shall provide that pledged securities will be held by the bank or trust company as agent of, and custodian for, the County of Greene, will be kept separate and apart from the general assets of the custodial bank or trust company and not be commingled with or become part of the backing of any other deposit or other bank liability. The agreement shall also describe how the custodian shall confirm the receipt, substitution, or release of the collateral and it shall provide for the frequency of revaluation of collateral by the custodial bank or trust company and for the substitution of collateral when a change in the rating of a security causes ineligibility. The security and custodial agreements shall also include all other provisions necessary to provide the County of Greene with a perfected security interest in the eligible securities and to otherwise secure the local government's interest in the collateral, and may contain other provisions that the governing board deems necessary.

X. PERMITTED INVESTMENTS

As provided by General Municipal Law Section 11, the County of Greene authorizes the Treasurer to invest moneys not required for immediate expenditure for terms not to exceed its projected cash flow needs in the following types of investments:

Special time deposit accounts in, or certificates of deposit issued by, a bank or trust company located and authorized to do business in the State of New York.

Obligations of the United States of America.

Obligations guaranteed by agencies of the United States of America, where the payment of principal and interest is guaranteed by the United States of America.

All investment obligations shall be payable or redeemable at the option of the County of Greene within such times as the proceeds will be needed to meet expenditures for purposes for which the moneys were provided and, in the case of obligations purchased with the proceeds of bonds or notes, shall be payable or redeemable at the option of the County of Greene within two years of the date of purchase.

Except as may otherwise be provided in a contract with bondholders or note holders, any moneys, of the County of Greene authorized to be invested may be commingled for investment purposes, provided that any investment of commingled moneys shall be payable or redeemable at the option of the County of Greene within such time as the proceeds shall be needed to meet expenditures for which such moneys were obtained, or as otherwise specifically provided in General Municipal Law Section 11. The separate identity for the sources of these funds shall be maintained at all times and income received shall be credited on a pro rata basis to the fund or account from which moneys were invested.

PAGE 5
RESOLUTION NO.

Any obligation that provides for the adjustment of its interest rate on set dates is deemed to be payable or redeemable on the date on which the principal amount can be recovered through demand by the holder.

XI. AUTHORIZED FINANCIAL INSTITUTIONS AND DEALERS

All financial institutions and dealers with which the County of Greene transacts business shall be creditworthy, and have an appropriate level of experience, capitalization, size and other factors that make the financial institution or the dealer capable and qualified to transact business with the County of Greene. The Treasurer shall evaluate the financial position and maintain a listing of proposed depositories, trading partners, and custodians. The Treasurer shall evaluate the financial position of financial institutions and dealers with which the County transacts business by reviewing Reports of Condition and Income (call reports). The Treasurer shall maintain a listing of proposed depositories, trading partners and custodians for which call reports have been obtained.

The County of Greene shall maintain a list of financial institutions and dealers approved for investment purposes, and establish appropriate limits to the amounts of investments that can be made with each financial institution or dealer.

XII. PURCHASE OF INVESTMENTS

The Treasurer of the County of Greene is authorized to contract for the purchase of investments directly, including a repurchase agreement, from an authorized trading partner or by utilizing an ongoing investment program with an authorized trading partner pursuant to a contract authorized by the governing board.

All purchased obligations, unless registered or inscribed in the name of the local government, shall be purchased through, delivered to and held in the custody of a bank or trust company. Such obligations shall be purchased, sold or presented for redemption or payment by such bank or trust company only in accordance with prior written authorization from the officer authorized to make the investment. All such transactions shall be confirmed in writing to the County of Greene by the bank or trust company. Any obligations held in the custody of a bank or trust company shall be held pursuant to a written custodial agreement as described by General Municipal Law, Section 10.

The custodial agreement shall provide that securities held by the bank or trust company, as agent of and custodian for the local government, will be kept separate and apart from the general assets of the custodial bank or trust company and will not, in any circumstances, be commingled with or become part of the backing for any other deposit or other liabilities. The agreement shall describe how the custodian shall confirm the receipts and release of the securities. Such agreement shall include all provisions necessary to provide the local government a perfected interest in the securities.

PAGE 6
RESOLUTION NO.

Repurchase Agreements (REPOS) are complex transactions and are only authorized subject to the following restrictions:

1. All repurchase agreements must be entered into subject to a Master Repurchase Agreement;
2. Trading partners are limited to banks or trust companies authorized to do business in New York State and primary reporting dealers;
3. Obligations shall be limited to obligations of the United States of America and obligations guaranteed by agencies of the United States of America;
4. No substitution of securities will be allowed; and
5. The custodian shall be a party other than the trading partner.

Because of the complexity of REPOS, the investing officer shall ensure that legal counsel for the County of Greene review and approve all REPO documents.

XIV. ANNUAL REVIEW AND AMENDMENTS

The governing body of the County of Greene shall review this investment policy annually, and it shall have the power to amend this policy at any time.
