Opposing The Clean Water Act Regulation Proposed By The Environmental Protection Agency And The United States Army Corps Of Engineers

WHEREAS, Greene County affirms its commitment to environmental stewardship and the protection of our natural resources, and recognizes the need to harmonize municipal programs and services with the legislative intent and objectives of the Clean Water Act (CWA); and

WHEREAS, the CWA was not intended to protect ditches and other channels through which water flows intermittently nor was it intended to capture seeps, wet areas, isolated man-made ponds and other structures not currently subject to the CWA; and

WHEREAS, the Environmental Protection Agency (EPA) and the United States Army Corps Of Engineers (Corps) have developed a proposed regulation on Definition of "Waters of the United States" Under the Clean Water Act to clarify the EPA and Corps' understanding and definition of the CWA that will inform all of EPA's regulatory programs and policy actions; and

WHEREAS, this proposed regulation creates greater uncertainty rather than clarity and would now capture a significant number of public works activities and transportation infrastructure that will now be subject to the CWA and its costly and time-consuming permitting and regulatory protocols; and

WHEREAS, the proposed regulation greatly expands the number of projects subject to jurisdictional determination or CWA permitting which do not currently require such oversight at great expense to the taxpayers of Greene County with little, if any, substantive environmental benefit while diverting scarce resources from other programs that do provide environmental protection and conservation benefits; and

WHEREAS, the financial impact of the proposed regulation to Greene County will create significant ongoing maintenance costs and delays to Greene County citizens due to the need for jurisdictional determinations and expanded jurisdictional authority of the EPA and the Corps; and

WHEREAS, Greene County believes that the standards for making jurisdictional determinations under the CWA and clarification or definition of the intent of the CWA should be accomplished only through the U.S. Congress, and limited by the decisions of the U.S. Supreme Court;

NOW, THEREFORE, BE IT RESOLVED, that the Greene County Legislature hereby urges the EPA and the Corps to withdraw the proposed CWA regulation immediately, work collaboratively with states and local governments to clarify federal jurisdiction under the CWA that is reasonable, environmentally responsible and respects the authority of state and local governments in ensuring the protection of our water resources; and

BE IT FURTHER RESOLVED, that the Greene County Legislature hereby supports any federal legislation consistent with the above recommendations and urges its Congressional and State representatives to intercede with the EPA and requests that the EPA report to them on their response and adaptations regarding the aforementioned concerns; and

BE IT FURTHER RESOLVED, that a copy of this Resolution, suitably engrossed, should be transmitted to U.S. Senators Charles Schumer and Kirsten Gillibrand, U.S. Congressman Chris Gibson, EPA Administrator Gina McCarthy, New York State Governor Andrew Cuomo, New York State Senator Cecilia Tkaczyk, New York State Assemblyman Peter Lopez, and EPA Region 2 Administrator Judith Enck.
