Title VI/Nondiscrimination Policy Statement

Greene County assures that no person shall on the grounds of race, color, national origin, or sex as provided by Title VI of the Civil Rights Act of 1964, and the Civil Rights Restoration Act of 1987 (P.L. 100.259) be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program or activity. Greene County further assures every effort will be made to ensure nondiscrimination in all of its programs and activities, whether those programs and activities are federally funded or not.

In the event that Greene County distributes federal aid funds to another governmental entity, Greene County will include Title VI language in all written agreements and will monitor for compliance. Greene County's Contract Compliance Office is responsible for initiating and monitoring Title VI activities, preparing required reports and other Greene County responsibilities as required by 23 CFR 200 and 49 CFR 21.

Authorities

Title VI of the 1964 Civil Rights Act provides that no person in the United States shall, on the grounds of race, color, national origin, or sex be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program or activity receiving federal financial assistance (please refer to 23 CFR 200.9 and 49 CFR 21).

The Civil Rights Restoration Act of 1987 broadened the scope of Title VI coverage by expanding the definition of terms "programs or activities" to include all programs or activities of Federal Aid recipients, subrecipients, and contractors, whether such programs and activities are federally assisted or not (Public Law 100-259 [S. 557] March 22, 1988).

Title VI of the Civil Rights Act of 1964; 42 USC 2000d to 2000d-4; 42 USC 4601 to 4655; 23 USC 109(h); 23 USC 324; DOT Order 1050.2; EO 12250; EO 12898; 28 CFR 50.3; EO 13166.

LIMITED ENGLISH PROFICIENCY PLAN "LEP"

This *Limited English Proficiency Plan* has been prepared to address Greene County's responsibilities as a recipient of Federal financial assistance as to the needs of individuals with limited English proficiency. The Plan has been prepared in accordance with Title VI of the Civil Rights Act of 1964, 42 U.S.C. 2000d, et seq., and its implementing regulations, which states that no person shall be subjected to discrimination on the basis of race, color or national origin.

Executive Order 13166, title *Improving Access to Services for Persons with Limited English Proficiency*, states that differing treatment based upon a person's inability to speak, read, write or

understand English is a type of national origin discrimination which is covered under Title VI. It directs each agency to publish guidance for its respective recipients (e.g., NYSDOT) clarifying their obligation to ensure that such discrimination does not take place. This order applies to all state and local agencies that receive Federal funds and extends to its sub recipients.

Plan Summary

Greene County has developed this *Limited English Proficiency Plan* to help identify reasonable steps for providing language assistance to persons with limited English proficiency (LEP) who wish to access services provided. As defined by Executive Order 13166, LEP persons are those who do not speak English as their primary language and have limited ability to read, speak, write or understand English. This plan outlines how to identify a person who may need language assistance, the ways in which assistance may be provided, staff training that may be required, and notification to LEP persons regarding the availability of assistance.

In order to prepare this plan, Greene County used the Federal Highway Administration (FHWA) Four-Factor LEP analysis:

1. The number or proportion of LEP persons in the service area who may be served by Greene County.
2. The frequency with which LEP persons come in contact with Greene County services.
3. The nature and importance of services provided by Greene County to the LEP population.
4. The interpretation services available to the Greene County and overall cost to provide LEP assistance. A summary of the results of the four-factor analysis is found in the following section.

MEANINGFUL ACCESS: FOUR-FACTOR ANALYSIS

1. The number or proportion of LEP persons in the service area who may be served or are likely to require Greene County services

Greene County staff reviewed the American Community Survey 5-Year Estimates for New York State and determined that:

- a. 3,763 individuals in Greene County service area comprising 8.2% of the population speak a language other than English;
- b. Of those, 1194 individuals have limited English proficiency; that is, they speak English less than “very well” or “not at all”. This is only **2.8%** of the overall population in the service area;
- c. In Greene County service area, of those persons with limited English proficiency:

- ____% speak German
- 51.2 % speak Spanish
- ____% speak African languages
- ____% speak Chinese
- ____% speak Serbo-Croatian
- ____% speak Scandinavian
- ____% speak Japanese
- ____% speak Russian
- ____% speak other Indic languages
- ____% speak Vietnamese
- ____% speak French
- ____% speak Tagalog
- ____% speak other Slavic languages
- 29.7 % speak Arabic, Indo-European languages
- ____% speak Native North American languages
- 19.1% speak all other languages

2. The frequency with which LEP persons come in contact with Greene County services

Greene County reviewed the frequency with which their staff have, or potentially have, contact with LEP persons. This includes documenting phone inquiries or office visits.

a. During the past FIVE years, 1/1/2012 though and inclusive of 12/31/2016, Greene County staff has had has provided Language Line translation services to LEP individuals at a cost or \$3,324.73, representing 4,432 minutes of translation time @ \$0.75 per minute. As the total LEP population of Greene County is 2.8% and thus less than the 5% threshold, Greene County is not required to submit a complete LEP plan; at this time. Notwithstanding the aforementioned percentages, the vast majority of Language Line translations are necessitated by calls received from LEP individuals by the Greene County Emergency Services 911 Call Center; which is a subscriber to Language Line translation services.

b. Other Greene County departments’ staff have limited contact with LEP persons. Notwithstanding said limited contact, Greene County Department of Social Services, Greene County Department of Public Health, Greene County Department of Human Services, Greene County Department of Emergency Services and Greene County Department of Mental Health have direct access to Language Line which is capable of interpreting as many as 427 languages. All other Greene County Departments have access, through the aforementioned departments to the Language Line translation service, should the need arise.

3. The nature and importance of services provided by Greene County to the LEP population

There is no large geographic concentration of any type of LEP individuals in the service area for Greene County. The overwhelming majority of the population, 97.2% speaks English. As a

result, there are few social, service or professional and leadership organizations within the Greene County service area that focuses on outreach to LEP individuals. Greene County staff is most likely to encounter LEP individuals through calls received by the Greene County 911 Center and on occasion during office visits or telephone conversations.

4. The resources available to Greene County, and overall cost to provide LEP assistance

Greene County reviewed its available resources that could be used to provide LEP assistance and inventoried its documents to determine which are suitable for translation of the need arises.

GREENE COUNTY AMERICANS WITH DISABILITIES ACT (ADA) TRANSITION PLAN

This ADA Transition Plan reflects Greene County's long-term commitment to ADA compliance, and details the stages of Greene County's plan and timeline for: (1) evaluating accessibility by identifying any structural barriers associated with public facilities; (2) identifying accommodations and/or modifications that can be provided to make programs and services accessible; and (3) prioritizing the remediation of any deficiencies and formulating a budget and schedule for those improvements.

This Draft ADA Transition Plan will be revised and updated as the steps of the Plan are completed.

INTRODUCTION

ADA regulations prohibit discrimination against individuals on the basis of disability and require state and local governments to make their programs and services accessible to persons with disabilities. These requirements focus on providing accessibility by addressing and eliminating structural barriers associated with public facilities.

As detailed below, Greene County has made a significant and long-term commitment to improving the accessibility of its public facilities. The purpose of this Plan is to ensure that Greene County identifies prohibited structural barriers to its public facilities, and, where structurally feasible, schedules and implements ADA-required improvements in order to remove those barriers.

The ADA requires that the Transition Plan include the following components:

- 1) Identification of physical barriers in a public entity's facilities that limit the accessibility of its programs, activities, or services to individuals with disabilities;
- 2) Identification of the methods to be used to remove any barriers limiting accessibility;

- 3) A schedule for completion of the necessary steps to achieve accessibility in public facilities; and
- 4) The name of the public entity's ADA Coordinator.

STEP 1: IDENTIFICATION OF PHYSICAL BARRIERS IN GREENE COUNTY FACILITIES

The first phase of the ADA Transition Plan is to evaluate Greene County's public facilities for accessibility. Officials from Planning, Public Works, and Human Resources Departments will coordinate to conduct accessibility evaluations of the following facilities:

. Sidewalks, crosswalks, and curb ramps

Publicly accessible buildings

Parking lots serving publicly accessible buildings

For each facility evaluated, a Survey of Greene County Public Facilities ("the Survey") will be completed. Any deficiencies, suggested improvements, and observations relating to structural feasibility of improvements will be noted and recorded on the Survey. An Inventory of Public Facilities ("the Inventory") will also be created, and will serve as the central database for identified structural barriers, suggested improvements, and comments relating to structural feasibility of improvements.

Evaluation of Sidewalks, Crosswalks, and Curb Ramps

The Survey will contain the following ratings to assess the condition of each Greene County owned sidewalk, crosswalk, and curb ramp:

Rating 1 – Not Applicable: A facility not considered to require accessibility, for example, limited-access highways.

Rating 2 – Not Accessible: Significant discontinuity such as steps, no ramps, more than 100 feet of unpaved walkway, heaving, vertical displacement, other severe distress, flooding, etc.

Rating 3 – Partially Accessible: Not designed to current standards, problems with geometry of sidewalks, ramps and landings, no detectable warnings, handrails, etc.

Rating 4 – Accessible: May need additional improvements, for example circuitous routes, insufficient width, etc.

Rating 5 – Fully Accessible: Designed to current standards, but reasonable accommodations may still be required for individual cases.

Evaluation of Parking Lots and Publicly Accessible Buildings

For the evaluation of publicly accessible buildings and the parking lots serving those buildings, the Survey will incorporate relevant portions of the ADA Checklist for Existing Facilities (based on the 2010 ADA Standards for Accessible Design), produced by the Institute for Human Centered Design.

Schedule for Completion

Greene County officials from its Planning, Public Works, and Human Resources Departments will be coordinating over the next several months to evaluate public buildings, parking lots, sidewalks, crosswalks, and curb ramps. Numerous facilities will be subject to this evaluation, and consequently this will be a substantial undertaking for the reviewing officials. The evaluations will be scheduled so as to evaluate outdoor facilities prior to the winter months (to avoid snow cover that may impede a thorough review), with any remaining evaluations of outdoor facilities to be completed October 31, 2017. Evaluations of indoor facilities will continue during the winter months. Therefore, it is estimated that Step 1 will be completed by December 31, 2017.

STEP 2: IDENTIFICATION OF METHODS TO REMOVE BARRIERS

The second phase of the Greene County ADA Transition Plan is to develop a method to remove barriers. This includes identification of the nature of needed improvements and a determination regarding structural feasibility of improvements under the ADA standards, and prioritization of necessary improvements.

Once the necessary improvements have been identified and prioritized, this information, along with a list of any improvements determined to be physically unfeasible, will be presented at a public meeting of the Greene County Compliance Committee. It is the Greene County's practice to provide public notice of the dates and agendas of Compliance Committee meetings on the Greene County website. This will provide the public with an opportunity to participate in the formulation of the ADA Transition Plan.

A. Nature of Improvements and Structural Feasibility

The nature of necessary improvements will be determined during Step 1 – the accessibility evaluation of Greene County facilities – and will be incorporated into the ADA Transition Plan after completion of Step 1. Any improvements that Greene County officials determine are not structurally feasible, based on ADA regulations, will also be incorporated into the Plan.

B. Priority of Improvements

Sidewalks; Crosswalks; Curb Ramps

With respect to sidewalks, crosswalks and curb ramps, the primary focus of this ADA Transition Plan is to address all ADA noncompliant facilities, defined as those locations that have a rating of “2” and “3” on the scale discussed above.

The priority of improvements to these facilities will be as follows:

- 1) Those serving publicly accessible Greene County facilities;
- 2) Those serving commercial and employment centers; and
- 3) Those serving other areas.

Parking Lots and Publicly Accessible Buildings

The priority of improvements to parking lots and publicly accessible spaces in Greene County buildings will be based on the severity of the accessibility barrier and the frequency of public presence at the facility. Notably, the general assessment of the Supervisor of Buildings and Grounds is that Greene County facilities where public meetings take place are in substantial compliance with the ADA. All new construction or renovations to existing facilities have complied with ADA standards. As such, Greene County does not expect that its publicly accessible buildings and parking lots will require major structural improvements.

STEP 3: SCHEDULE FOR COMPLETION OF NECESSARY IMPROVEMENTS

Once the Inventory of Public Facilities has been completed, and necessary improvements have been prioritized as provided above, Greene County will formulate an estimated budget for the improvements. The schedule for improvements will depend heavily upon the number and severity of the deficiencies identified during the accessibility evaluation, and the costs associated with the improvements. Greene County however, reiterates its commitment to making its public facilities accessible to all persons, regardless of disability. The Greene County ADA Transition Plan will outline a specific schedule for improvements after Completion of Step 2, and this schedule will reflect Greene County’s commitment to ADA compliance.

Program Administration and Title VI Coordinator's Responsibilities

As authorized by County Administrator, **Shaun S. Groden**, the Title VI Coordinator and Title VI Program Specialists are responsible for initiating, monitoring, and ensuring **Greene County's** compliance with Title VI requirements as follows:

1. Process, review and investigate Title VI complaints received by Greene County in accordance with the Greene County's Complaint Procedures. If any individual believes they or any other program beneficiaries have been subject to unequal treatment or discrimination as to the receipts of benefits and/or services, or on the grounds of race, color, national origin, or gender, they may file a complaint with Greene County. It is the goal of Greene County to resolve complaints informally at the lowest managerial level.

2. Collect statistical data (race, color, income, gender, and national origin) of participants in and beneficiaries of Greene County highway programs (i.e., relocatee's, impacted citizens, and affected communities). Each of the Title VI special emphasis program area will maintain data to be incorporated in the Title VI updates. Procedures will be reviewed regularly to ensure the data is sufficient in meeting the Title VI program administration requirements.
3. Review special emphasis program areas to determine the effectiveness of program area activities at all levels. In addition to the day-to-day monitoring, all special emphasis program areas will be reviewed annually to assure effectiveness in their compliance of Title VI provisions. The Title VI Coordinator and Title VI Program Specialists will coordinate efforts to ensure equal participation in their program areas and activities at all levels.
4. Conduct Title VI reviews when necessary of contractors and other recipients of federal aid highway funds.
5. Work with special emphasis program staff to ensure the fundamental principles of Environmental Justice outlined below:
 - Avoid, minimize, or mitigate disproportionately high and adverse human health and environmental effects, including social and economic effects, on minority populations and low-income populations.
 - Ensure the full and fair participation by all potentially affected communities in the transportation decision-making process.
 - Prevent the denial of, reduction in, or significant delay in the receipt of benefits by minority and low-income populations.
6. Develop Title VI information for Public Dissemination. Ensure dissemination to the general public. Greene County subscribes to a New York State sponsored program referred to as "Language Line" which allows Greene County to assist individuals with Limited English Proficiency ("LEP"). Language Line Access allows Greene County Departments to assist LEP individuals via translation of up to 426 languages. The County will disseminate Title VI Program information to County employees, contractors, subcontractors, consultants, and subconsultants as well as the general public. Public dissemination will include posting of public statements and inclusion of Title VI language in contracts. The Title VI/Nondiscrimination Policy Statement will be published in newspapers having a general circulation in the vicinity of proposed projects and announcements of hearings and meetings in minority publications.
7. Conduct pre-grant and post-grant approval reviews of Greene County programs and applicants for compliance with Title VI requirements; i.e., highway location, design and relocation, and persons seeking contracts with the Greene County.

8. Prepare an Annual Title VI Update Report. The update will report on any accomplishments and changes to the program occurring during the preceding year. The update will include goals and objectives for the upcoming year.
9. Schedule training for Title VI related statutes for Greene County employees. The training will provide comprehensive information on Title VI provisions, its application to program operations, identification of Title VI issues and resolution of complaints. All directives providing operational guidelines to all subrecipients, and special emphasis program areas will be reviewed annually to include Title VI language and provisions and related requirements, where applicable.
10. Identify and eliminate discrimination when found to exist. Work with all Greene County Offices and Departments to establish procedures for promptly resolving deficiencies. Procedures will be implemented to identify and eliminate discrimination when found to exist, including, but not limited to utilization of disadvantaged business enterprises, public involvement and property acquisition.
11. Establish procedures for promptly resolving deficiency status and reducing to writing the remedial action agreed to be necessary within a period of 90 days. Greene County will actively pursue the prevention of Title VI deficiencies and violations and will take the necessary steps to ensure compliance with all program administrative requirements. When irregularities occur in the administration of the program's operation, procedures will be implemented to resolve Title VI issues, and reducing to writing remedial action agreed necessary within a period of 90 days.

Subrecipients placed in a deficiency status will be given a reasonable time, not to exceed 90 days after receipt of the deficiency letter, to voluntarily correct deficiencies.

Greene County will seek the cooperation of the subrecipient in correcting deficiencies found during the Title VI compliance reviews. Greene County will also provide the technical assistance and guidance needed to aid the subrecipient to comply voluntarily.

When a subrecipient fails or refuses to voluntarily comply with requirements within the allotted time frame, Greene County will submit a copy of the case file to NYSDOT's Office of Civil Rights or the FHWA and a recommendation that the subrecipient be found in noncompliance.

A follow-up review will be conducted within 180 days of the initial review to ensure that the subrecipient has complied with the Title VI Program requirements in correcting deficiencies previously identified.

12. Maintain updated legislative and procedural information regarding the Greene County's Title VI Program. This will include federal laws, rules and regulations, NYSDOT

guidelines, Greene County's Plan and updates, and other resource information pertaining to Title VI issues.

Complaint Procedures for Federally Assisted Programs and Activities

These procedures cover all complaints filed under Title VI of the Civil Rights Act of 1964 as amended, (including its Disadvantaged Business Enterprises (DBE)), Section 504 of the Rehabilitation Act of 1973, Civil Rights Restoration Act of 1987, and the Americans with Disabilities Act of 1990, relating to any transportation or Public Works program or activity administered by the City, as well as to subrecipients, consultants, and contractors. These procedures apply to complaints filed against a program or activity funded by either the Federal Highway Administration (FHWA), the Federal Transit Administration (FTA) or the Federal Aviation Administration (FAA).

Intimidation or retaliation of any kind is prohibited per Title 49, Code of Federal Regulations, Part 21.11(e).

The procedures do not deny the right of the complainant to file formal complaints with other state or federal agencies or to seek private counsel for complaints alleging discrimination.

These procedures are part of an administrative process, which does not provide for remedies that include punitive damages or compensatory remuneration for the complainant. Every effort will be made to obtain early resolution of complaints at the lowest managerial/administrative level possible. The option of informal mediation meeting(s) between the affected parties and the investigator may be used for resolution, at any stage of the process. The investigator will make every effort to pursue a resolution of the complaint. Initial interviews with the complainant and the respondent will request information regarding specifically requested relief and settlement opportunities.

Procedures

Any person who believes that they or any specific class of persons has been subjected to discrimination or retaliation prohibited by any of the Civil Rights authorities prohibited under Title VI based upon race, color, sex, age, national origin or disability may file a written complaint with Greene County.

Time Limits for Filing

A formal complaint must be filed within 180 days after:

- The date of the alleged act of discrimination; or
- The date when the person became aware of the alleged discrimination; or
- There has been a continuing or the latest instance of the discriminatory conduct.

Form of Complaints

A formal complaint must meet the following requirements:

- Must be in writing and signed by the person or their representative and include the complainant's name, address and telephone number. A formal complaint of discrimination will also be acknowledged and processed if received by fax or e-mail. A formal complaint of discrimination received by telephone will be written down and provided to the complainant for confirmation or revision before processing.
- Must provide a detailed description of the issues including names, dates, and job titles of witnesses or those individuals perceived as parties in the complained of incident.

Upon receipt of the complaint, Greene County will determine its jurisdiction, acceptability, need for additional information and the investigative merit of the complaint. In cases where the complaint is against one of Greene County's subrecipients of federal highway funds, Greene County will assume jurisdiction and will investigate and adjudicate the case. Complaints against Greene County will be referred to the New York State Department of Transportation's Office of Civil Rights for proper disposition. In special situations warranting intervention to ensure equity, the NYSDOT Office of Civil Rights may assume jurisdiction and either complete or obtain services to review or investigate matters.

Acceptance of a complaint will be determined by

- Whether the complaint is timely filed;
- Whether the allegations involve a covered basis such as race, color, national origin, gender, disability or retaliation;
- Whether the allegations involve a program or activity of a Federal-aid recipient, subrecipient, or contractor; or, in the case of ADA allegations, an entity open to the public;
- The complainant(s) acceptance of reasonable resolution based on the Department's administrative authority;

A complaint may be dismissed for the following reasons

- The complainant requests the withdrawal of the complaint;
- The complainant fails to respond to repeated requests for additional information needed to process complaint;
- The complainant cannot be located after reasonable attempts.

Greene County has sole authority for accepting complaints for investigation. Once Greene County decides to proceed with the investigation, the complainant and the respondent will be notified in writing of the determination within ten (10) calendar days. The complaint will receive a case number and be logged into Greene County's records identifying its basis, alleged harm, the race, color, national origin and gender of the complainant(s).

In cases where Greene County assumes investigation of the complaint, Greene County will provide the respondent with the opportunity to respond to the allegations in writing. The

respondent will have ten (10) calendar days from the date of Greene County's written notification of acceptance of the complaint to furnish their response to the allegations.

Within 40 calendar days of the acceptance of the complaint, Greene County or NYSDOT investigator will prepare an investigative report for Greene County's Title VI Coordinator and the Greene County Administrator. The report will include a narrative description of the incident, identification of persons interviewed, findings and recommendations for disposition. Greene County's Title VI Coordinator and the County Administrator will have 10 calendar days to review and provide comments to the investigator.

Once the investigator addresses any comments to the preliminary investigative report, the report and its findings will be re-reviewed by the Title VI Plan Coordinator, inclusive of all notes resulting from investigation, within 10 calendar days.

Any comments or recommendations from the Title VI Plan Coordinator will be reviewed by the County Administrator. There will be a period of 10 calendar days for the County Administrator to discuss the report and any recommendations with Greene County's Title VI Coordinator, and to have the Title VI Coordinator address any modifications before the report's release to the corresponding United States Department of Transportation (USDOT) modality (FHWA, FTA, FAA).

Greene County's final investigative report and a copy of the complaint will be forwarded to either NYSDOT, FHWA, FTA, or FAA, within 60 calendar days of the acceptance of the complaint.

Greene County will notify the parties of its preliminary findings which are subject to the corresponding USDOT modality's concurrence.

The corresponding USDOT modality will issue the final decision to County of Greene based on the investigative report.

USDOT will analyze the facts of the case and will issue its conclusion to the complainant according to their procedures. Once the corresponding USDOT modality issues its final decision, Greene County will notify all parties involved about such determination. USDOT's final determination is not subject to an appeal.

Public Involvement in the area of Environmental Justice will be achieved through outreach measures that assure meaningful involvement of minority and low-income populations. This will be achieved through a variety of measures, including but not limited to:

- Obtaining U.S. Census Data and data from the local School District to identify minority and low-income populations to determine impacts during the initial stages of project planning. Further analyze this data using additional sources, including area community, religious, and business associations, school districts, senior citizen groups, and economic development organizations.
- Inviting a cross section of the populace from social, economic, and ethnic groups in the planning process through written information in local newspapers and where possible, minority news media. Create notices that attract attention and are in layman's terms.
- Holding meetings at a variety of times during the day and providing various locations to facilitate access and participation by target populations.
- When necessary, translate documents, notices and hearings for limited English-speaking populations.

Limited English Proficiency Strategies

Strategies to provide meaningful access to LEP persons to ensure that they can communicate effectively will be achieved by measures including but not limited to:

- Applying the “four factor analysis” process provided as a guideline from the U.S. Department of Justice to determine LEP needs. This process includes determining the number and proportion of LEP individuals within the population, the frequency with which LEP individuals will come in contact with the program, the nature and importance of the program to people’s lives, and the resources available to provide translation services. The results of this analysis will be used to outreach and engage LEP persons in the transportation planning process.
- Developing a demographic assessment for the impacted area to determine if there is a 5% or more minority population requiring special language assistance, and address the needs.
- Developing a written policy to ensure the implementation of LEP measures that identify and assess the language needs of its LEP population. Provide for a range of language assistance options, including notices to LEP persons in a language they can understand regarding their right to free language assistance.
- Training to ensure that staff are knowledgeable and aware of LEP policies and procedures, and are trained to work effectively in the facilitation of the process.
- Providing translation services for public documents and competent interpreters at public hearings.
- Increasing opportunities for public involvement, particularly by historically underserved populations including LEP individuals by advertising in local and local minority newspapers.
- Monitoring the program to ensure that LEP persons have meaningful access to the transportation planning and implementation process.
