ATHENS CULTURAL ARTS CENTER: The Youth Art Program is a four week summer art program which features different weekly projects. Past projects have included print making, drawing, painting, collage, beading, paper pulp painting, and sculpture with a focus on art history, local architecture, recycling and science.

COMMON GROUND: Provide mediation and conflict resolution workshops to families and at-risk youth. Service methods include family mediation services, peer mediation, PINS diversion, family and/or custody mediation; workshop methods include conflict resolution/peer mediation and anti-bullying programs. Geographic area served is entire Greene County.

CORNELL CO-OPERATIVE EXTENSION: We are requesting funding in support of two programs for students in Greene County Schools. One program takes place at the schools. The second program takes place outdoors at the Siuslaw Model Forest. CCE volunteers have been background checked and trained by CCE staff. All CCE volunteers are meeting with students in concert with their classroom teachers. Current research shows that time spent in a diverse natural setting such as the Siuslaw Model Forest, reduces or eliminates bullying behavior. (Malone and Tranter, 2003)

MHA: Using interactive modalities including role-play, group discussion and video, the REACH Center provides Child Sexual Abuse Prevention and Education to pre-school and elementary school children, and provides sexual harassment/date rape prevention education to middle/high school students who are at risk of becoming victims of violence or who have previously been victimized.

GIRL SCOUTS NENY: Girl Scout programs are offered through 5 participation option: Camp, Events (one time experiences), Series (group meets 2 - 10 times on one topic), Travel (regional, national, international), and Troops. Financial assistance is available through Girl Grants for girls in all pathways. Activities focus on helping girls achieve the 15 Girl Scout Leadership Experience outcomes.

GREENE COUNTY COUNCIL on the ARTS: Sproutsö is a free summer arts outreach program held in various locations throughout the county for children ages 3 through 7. Sproutsö provides 7 weeks of free, creative, educational opportunities in art, music, theater and dance. Sprouts engage talented professional artists who have experience working with children and who understand the importance of positive early learning.

GREENVILLE LIBRARY: We hold Toddler Time classes that reach between 50 - 75 toddlers/preschoolers, age 6 months - 4 yr. olds and a summer reading program. Youth to be served come mainly from the Greenville School District, but anyone can participate. Toddlers listen to stories, do marching, finger plays, games, music and circle time activities.

TOWN of CAIRO SUMMER REC: This is a six-week program open to youth in the Town of Cairo. The program offers supervised activities that include fun and educational experiences for children ages 5 through 15. Younger children may attend accompanied by an adult and older children may participate as junior youth counselors. Activities include sports, nutrition programs, arts and crafts, cooperative field games, theme days/parties, cultural programs, on site museum visits, summer reading program and field trips.

TOWN of DURHAM REC: Our program is to improve our youth's social skills and development. We achieve success by providing athletic games, arts & crafts, baseball, soccer, tag and swimming. The older youth help younger children to learn and play the games. The children and families come back year after year and eagerly anticipate the program each summer.

GREENE COUNTY COMMUNITY PREVENTION (Pre-PINS): This program is designed to keep youth out of the juvenile justice system and from being removed from their families and their schools. Youth who are under the age of 18 are referred by LDSS, Probation, area schools, police and parents. The coordinator contacts the family and schedules an initial consultation and home visit. The family is offered an array of services that include case management, home visits, advocacy, job placement assistance, values clarification, and recreation. The coordinator conducts a needs assessment and if needed is able to administer the emotional well-being screen as well as the CANS.

GREENE COUNTY (ADMINISTRATIVE): The state allocates funds to help defray the cost of administering state aid the county receives.
