E. New Business

- Four Year Plan – Deputy Director Tami Bone
Distributed hand-out to all members present. Members not in attendance are asked to contact Tami for a copy.
Public Hearing to be held on October 29 at 1pm at Rivertown Senior Center, Athens; may do other locations later
Narrative:
 - What we plan to do for county senior citizens over next 4 years
 - Good communication is important so public knows who we are & what we do
 - Network with other agencies (i.e. Catskill Mountain Housing, Veterans Services, Community Action, etc.)
 - Budget: Always low & would appreciate more from NYS – Tami stated that this is set by NYS based on population of those over 60 residing in county
 - **Dotty True: Stated we are a small county & cuts hurt more than in larger counties; we are restricted under such cuts while larger counties may not feel impact; we can’t offer some services that larger counties can**
 - On motion by Dot True, seconded by Ed Bloomer, membership approved a motion to include need for more funding in plan**Primary needs in plan: 1) Housing, 2) Aide shortage, 3) Transportation
 - **Linda VanEtten: Greene County has high senior population, in some restricted areas; causes seniors to be isolated from the delivery of services. What do we have to attract to MtnTop? Tami stated that our aide contracts offer a \$2 per hour incentive + mileage for aides**Budget cuts: Unknown at present but only area that may be affected is EISEP(Expanded In-home Services for the Elderly); possibly decreased
Members are requested to review plan & submit any comments or questions to Tami at tbone@greenecountyny.gov
